## Notes:

- B) Rated In Compliance With ARI 410.
- G) Load below specification. Consult factory.

- I) Header Pressure Drop Exceeds 30% of Total Fluid Pressure Drop.
- L) Coil rating valid for Heatcraft coils only.

## **NOTES:**

## **GENERAL NOTES:**

- 1. All dimensions are in (in)
- 2. Manually verifiying dimensions is higly recommended.
- 3. The supply line should be connected to the lower connection on the leaving air side for counterflow operation.
- 4. Coils will vent and drain through factory-installed vent and drain fittings when mounted level for horizontal flow.
- 5. Connection location other than standard could affect vent and drain locations. Consult factory.
